HONORING SEASON SPONSOR

Patrick M. O'Shaughnessy, DO, MBA

President and Chief Executive Officer

Patrick O'Shaughnessy, DO, MBA, is president & chief executive officer of Catholic Health.

Beginning his Catholic Health career as an emergency department physician, "Dr. O" is an accomplished executive with over 20 years of strategy, innovation and operations experience. Before being chosen by Catholic Health's board as president & CEO in 2021, he served as the system's executive vice president, chief medical officer and chief clinical officer.

Dr. O'Shaughnessy is passionate about addressing food insecurity. Under his guidance, Catholic Health created programs aimed at improving health and decreasing the risk of chronic disease for low-income individuals and families. He has aligned Catholic Health's resources to provide healthy food and patient-tailored nutrition- and disease-related information to individuals identified as food insecure.

He is also intensely focused on population health management and providing greater access to care to get upstream of disease and keep people healthier. Under his direction, Catholic Health is launching a progressive plan that offers preventive care and wellness, incorporates digital technology and uses advanced primary care to identify disease at an earlier state.

Dr. O'Shaughnessy earned his medical degree from New York College of Osteopathic Medicine and master's degrees in business administration from Adelphi University and in population health management from Thomas Jefferson University.

Dr. O'Shaughnessy has been appointed to a panel of the Long Island Regional Economic Development Council, and serves on the boards of the New York Institute of Technology and the Long Island Association.

Long Island University's Chairman of the Board of Trustees, Eric Krasnoff, and President, Dr. Kimberly Cline, along with Tilles Center's Board of Advisors and Executive Director, Tom Dunn, invite you to

HOW YOUR SUPPORT MAKES AN IMPACT

ACCESS TO THE ARTS

In 2018 Tilles Center launched its Cares Program, offering partially and fully subsidized tickets to Long Islanders. During the 2021-22 season, over 3,000 tickets were distributed to the community thanks, in part, to the support of Catholic Health.

ARTS AND AUTISM

Last season, over 2,000 people attended sensory-friendly performances, including young people with autism and their families. Tilles Center commissioned and premiered its first sensory immersion theater production, *Branching Out*, an intimate, interactive theatrical experience designed specifically for individuals on the autism spectrum and those with limited movement, sensory and/or complex communication needs.

SCHOOL PARTNERSHIPS

Over 15,000 Long Island students participated in this unique collaboration between artists and educators which uses the arts to foster critical thinking, literacy skills, creativity and problem solving, while supporting social and emotional health. The upcoming season will include over twenty shows – from *Cenicienta (Cinderella)* and ZuZu African Acrobats to *Meeting Mozart*.
